

Platform Agnostic

Welcome to the Platform Agnostic namespace (zone) of Fruit Of The Shed!

This is the "anything goes" zone; articles suitable for any platform

Please contribute by adding new pages and discussing those already here. If you have an example of something that you think will be useful to others, add it here - it doesn't matter how trivial or specific to your task, it might just be the key to unlocking a problem for someone else.

List of pages in this namespace

- [A Brief Introduction to State Machine Methodology...](#)
- [Advanced/Extended Trigonometry Functions](#)
- [Antenna Length Calculator](#)
- [Capacitive Dropper Calculator for Current and Capacitance](#)
